

At JAUSAS we offer our business clients full and continuing legal assistance in complying with all the corporate, accountancy, tax, criminal and other legal mandates in relation to public authorities, business partners and/or third parties.

In particular, our Corporate and Business Law department provides services in the following areas:

- Planning and constitution of companies, entities and organizations.
- Design of national and international business and cooperation structures.
- Design of management structures.
- Legal defence of the partners' interests.
- By-laws and shareholders' agreements.
- Advice for the management and administration of the companies in general and specifically regarding their responsibilities.
- Groups of companies.
- Share transmissions.
- Increase and decrease of the capital.
- Mergers and acquisitions.
- National and international commercial transactions.
- Advice on exchange control mechanisms and foreign investments in Spain, as well as on Spanish investments abroad.
- Legal audits and control of subsidiaries.
- Family businesses.
- Public acquisition offers.
