

The team of experts on Spanish tax regulations at JAUSAS advise companies and private individuals on tax issues related to all kinds of transactions.

Among the principal services offered by our specialists in this practice area are the following:

- Design of national business structures.
- Advice on mergers and acquisitions as well as on company transfers and reorganizations.
- Advice for businesses to optimize the existing tax incentives.
- Advice to minimize the effects of company tax.
- Tax planning for consolidated corporations.
- Tax advice for specific sectors, such as real estate, banking and finance, insurance, construction and public works and IT.
- Advice on E-commerce taxation.
- Accounting advice.
- Planning of effective payment structures for personnel and management.
- Tax audits.
- Advice on income tax.
- Appeals and complaints to the competent national tax authorities and tribunals.
- Advice on tax related criminal law.
