

The clients of JAUSAS benefit from our wide range of experience in planning and execution of all the insolvency procedures mentioned in the Bankruptcy Law (22/2003) from the moment the bankruptcy application is filed until the end of the procedure. Our team of professionals is also experienced in offering legal assistance in restructuring transactions, the execution of foreign judgements within this field as well as in advising on international insolvency issues.

Among the services offered are the following:

- Advice on financial crises.
- Company restructuring and reorganisation.
- Preparation, filing and follow-up of insolvency and bankruptcy proceedings.
- Advice on liquidations and dissolutions.
- Carrying out negotiations with different interested parties to the procedure.
- Advice on matters regarding the administrators' responsibility in insolvency issues.
- Tax advice related to insolvencies and company reorganisations.
- Assistance in renegotiation of debts.
- Advice on matters defined as punishable insolvencies.
- Carrying out the duties of trustees and/or liquidators.
